## What to look for!

## Storage Container

Our storage container located in the corner of the car park serves as a great meeting point for our archers.

We ask those on our beginner's course to meet here when they come for their first session with us.

During a club session the container is secured with a combination padlock. ALL of our club members know this code and have free access to the storage container. Beginners can therefore ask any club member to assist them if they need a piece of club equipment out of storage.

## Indoor Sessions

Our indoor sessions are held within the school's Sports Hall. Looking to your right as you first drive into the school you will see the entrance to this facility.

For security the school always locks all its doors with digital locks. Access is available for our club during our session times via a specific code. Again, ALL our club members know this code and beginners should ask any club member to let them through if they need to.

Usually, a representative of EDU Lettings (the company the school uses to hire its facilities) will also be on hand in the Sports Hall entrance area to allow access too.
